FINES TOTAL $1,050 DURING PAST MONTH

High Water Mark Reached in Police Court Collections

ALL PROMPTLY PAY

During Past Five Months Police Justice Has Collected a Total of $4,489.65—Today $115 Collected.

The collections of fines in the Police Court continues at high tide. The fines collected during the month of October amounted to $1,050. The assessments were for various violations of the law, a large percentage of the offenders being speeders.

The fiscal year began in June. The receipts during the first five months were as follows: June, $849; July, $971.50; August, $875.65; September, $743.50; October, $1,050

The month of November began auspiciously, $115 having been collected today.

Most of the patrons of the Police Court at present are brought into court and, if convicted, pay their fines, a majority of them having the ready cash, and others who have not ready cash, obtain the money from friends, and the result is that the jails is not half so filled with prisoners as it was prior to the war.

The police declare that they never saw money so plentiful with violators of the law as at the present time.

The cost of living and everything else has gone up, and naturally the fines have increased in proportion to keep abreast of the times. It, therefore, costs more money in Alexandria to violate the law than it did in former years.

Those who face the bar, however, apparently realize this and pay $10 with more readiness than they formerly paid $2.50 or $5.

REPORT ON YEAR'S WORK

Stockholders of Alexandria Water Company Will Hold Annual Meeting Monday

According to published notice the annual meeting of the stockholders of the Alexandria Water Company will be held at the company's office at 10 o'clock on Monday morning. The past year has been a very active one in connection with the affairs of this company, and a large and up to date filtration plant has been added to its system, which is now in successful operation and furnishing a supply of filtered and sterilized water to its consumers.

Due to the rapid growth of the city of Alexandria, the company has made extensive additions to its distribution system in the laying of new cast iron pipes, and other general improvements to its system. It is understood at the stockholders meeting a full and comprehensve report will be made by the board of directors to its stock holders covering the affairs of the company for the year ending June 30 1919.

YOUNG PEOPLE'S BUILDING NOW OPEN TO PUBLIC.

Men of our city, strangers within our gates, all are earnestly invited to spend their evenings, and leisure hours in the Young Peoples' Building, 113 South Washington street. Take advantage of the opportunities here offered, to rest, read, write, play games or otherwise enjoy yourselves when duty does not call you elsewhere.

The building is now open not only to the soldiers and sailors, but to the general public from 10 a. m., to 10 p. m., every day in the week, under the auspices of the Henry K. Field Bible Class, which convenes in regular weekly session every Sunday morning from 9:45 to 10:30 o'clock in the auditorium of this building. A cordial welcome awaits all. 261-1c

NOTICE

The annual meeting of the stockholders of the Alexandria Water Company will be held at the office of the company Monday, November 3rd, 1919, at 10 o'clock a. m.

239-23t. George Uhler, Secretary.

K. OF C. COUNCIL BALL

Enjoyable Affair Given Last Night in Lyceum Hall

One of the most enjoyable dances ever held in the Lyceum Hall took place last evening when Fitzgerald Council, No. 459, Knights of Columbus, held their first dance of the season. The hall was beautifully decorated in the festive drapings of the Hallow'een affair, and a large number of members of the council and their friends attended. The chairman of the dance committee was George Francis Downham, assisted by Messrs. Louis Hoy, Hollis Nugent, George Manger and Robert Whitestone. Announcement was made that the next council dance will be held on Thanksgiving evening, November 27th.

ANTI TUBERCULOSIS APPEALS FOR FUNDS

Splendid Work Done by This Society Should Appeal to All

URGE ALL TO GIVE

During Year Two Nurses Treated 764 Tubercular and 1,048 Miscellaneous Cases—Eight to Catawba.

The Anti-Tuberculosis Society of this city, has sent out a letter of appeal for aid in the work they are doing in Alexandria.

Its members feel confident that many of the good people of this city are not aware of the wonderful work being done by this most important society. During the past fiscal year alone, their two paid nurses in the field have visited 764 tubercular cases and 1,048 miscellaneous cases. They have also sent eight cases to the State Tuberculosis Sanitorium at Catawba and paid their board while there. Now, that our population is so steadily increasing, their work will cover a much broader field and they are in most urgent need of funds to carry on this important work.

This is the first time this society has made a public appeal for aid, and its members feel sure that the good people of Alexandria, who have in the past few years responded to appeals for other worthy causes so generously, will heed this urgent appeal of the Alexandria Anti-Tuberculosis Society.

Contributions may be sent to Miss Fanny S. Herbert, treasurer, 116 North Washington street.

BAZAAR OPENS TUESDAY

Affair Will be Held in Lyceum Hall and Continued Ten Nights

The task of decorating the Lyceum Hall for the autumn bazaar which will open Tuesday night in that hall under the auspices of the congregation of St. Mary's Catholic Church, is practically completed. All that remains to be done is the installation of the various articles to be disposed of in their respective booths.

The different tables are richly provided with fancy articles, groceries, candies and a host of others too numerous to mention. Many valuable prizes are to be disposed of during the progress of the bazaar, which will last ten evenings, among which include a ton of coal, barrel of flour, handsome doll, and last but not least a jet black pig, just received from Fauquier county.

Able musical talent has been obtained and the affair promises to be most enjoyable and successful.

The ladies in charge of the supper table promise a delightful supper which will be served from 6 to 10 p. m., each evening for the moderate sum of fifty cents.

NOTICE

Members of the J. R. N. Curtin Memorial Baraca Class are urgently requested to be present Sunday, Nov. 2, 1919, at the First Baptist Church; to attend the morning Church Services in a body immediately after Sunday School. The Rev. H. I. Stewart, pastor of 2nd Baptist Church of Washington, D. C., will conduct the services. Sunday school begins at 9.30 a. m. Church services at 11 a. m. All are welcome. 261-1p.

MINERS DEFY COURT ORDER AND STRIKE

Chiefs Forbidden Any Move to Direct Progress of Walkout

WARNING OF GOMPERS

Defiance Bluntly Displayed by Workers' Leaders in the Mine Fields of the Nation.

Washington, Nov. 1.—The big news in the coal strike situation is as follows:

Report given out by union officials in Chicago declared that 377,000 coal miners had answered the strike call and left the mines. They also said the number probably would be increased to 500,000, the total union membership

Federal Judge A. B. Anderson, in Indianapolis, issued a temporary injunction, restraining initiation or support of the strike by the mine workers' union officials.

Leaders in the miners union met the court's action with denunciation as a "violation of Constitutional rights" and with predictions that it would be disregarded.

Samuel Gompers and other Federation of Labor officials protested as a delegation to Attorney-General Palmer against the injunction.

Heads of raiyway brotherhoods also conferred with the Attorney-General and offered services to intervene.

President Wilson fixed maximum prices of soft coal.

Fuel Administrator Garfield restored war-orders, which will give the Railroad Administration power to seize coal in transit and divert it to consumption in accordance with a preference list.

United States troops began arriving in some of the mining districts to keep order and protect miners who continue to work.

In Congress the House unanimously passed the Senate resolution pledging support to the Administration.

Chicago, Nov. 1.—Coal mining operations in the great fields of Illinois, Indiana and Ohio ceased last night, according to reports from the chief mining centers.

While the strike did not become effective officially until midnight, there were few men below ground at 6 o'clock last night.

That the tieup would be complete in spite of the government's order was the opinion generally expressed.

Andrew T. Murphy, publisher of Black Diamond, and for thirty-five years an authority on the coal mine situation in the Middle West, predicts that the strike will be of short duration.

"The injunction directed against the United Mine Workers officials at Indianapolis will bring the strike to a head very soon, in my opinion," he said. "As I understand it, the injunction ties up the funds of the union and they cannot carry on the fight long without money."

Mr. Murphy said he believed the mine organization committee would rescind the strike order within the next two or three days, order the men back to work and then open negotiations with the government and mine owners.

"I don't think there will be much difficulty in reaching an agreement after the demands of the miners are actually taken up for discussion," he said.

THE REVIVAL MEETING

Large Attendance at Services at First Baptist Church

In the face of the Hallow'een celebration last night there was a congregation at the First Baptist Church that filled the main auditorium. Dr. H. I. Stewart discussed the life of Lot under the suggestive text: "He lingered." He showed the great loss that had come upon Lot because of the manner of life he led out of touch with God. He had ultimately lost everything in life that was worth while. The great asset of personal influence for righteousness had been almost entirely obliterated. He had not sufficient influence to make his life count in the home, for his children one after another followed in his footsteps and drifted to their destruction. His wife was so tied to Sodom as that, with all its wickedness her heart yearned for it and her destruction was tragic.

Lot was prominent in the city but not a single man or woman did he influence to stand four-square in the coming storm. Lot had caught the vision of wonderful possibilities in life from "Abram, the friend of God," but he had failed to follow the light. His name is a synonym of sorrow and shame even to this day because he hesitated to act up to what he knew God wanted him to do.

So great is the interest in these meetings that Mr. Stewart will preach this evening. Tomorrow morning he preaches on: "The Story of my Life." He will also address the Sunday School.

The revival will continue to the evening service and possibly further.

BALK AGAINST SUNDAY FUNERALS

Grave Diggers Here Say No More Burials on the Sabbath

WANT ONE DAY'S REST

Their Mandate Will Have to be Complied With and Sunday Funerals Will be no More.

The grave diggers in Alexandria have gone on a strike against Sunday funerals. There ultimatium was delivered today to those in charge of the various cemeteries. The undertakers were communicated with and now there is trouble ahead.

A representative of the Gazette who went out to investigate the strike was told by one undertaker that the grave diggers will not fill in graves on Sunday. This, therefore, means, that a person desires a Sunday funeral they will have to obtain outside help to fill in the grave, or else not have the funeral on the Sabbath.

The grave diggers work six days a week and are getting tired of the Sunday work. They want to take a day of rest on the Sabbath as almost everyone else does.

Funerals on the Sabbath in Alexandria, therefore, are a thing of the past for the present, at least, unless the backbone of the grave diggers strike against Sunday funeral is broken.

Just what the cemetery owners propose to do in regard to the strike has not yet been disclosed.

A cargo of women that arrived on the Sundown Trail stage made a drastic change in the conduct of Spanish Bar, one of the wildest gold camps in 1849. The whole story is being told at the Grand Theatre in "Sundown Trail" a Universal photodrama with Monroe Salisbury in the starring role. A wonderful production.

As duly published the annual meeting of the stockholders of the Alexandria Water Company will be held at the office of the Company, 111 North St. Asaph street, at 10 a. m., on Monday, November 3. A large attendance of stockholders is requested at this meeting, at which the annual report of the Board of Directors to the stockholders will be presented and matters vitally affecting the affairs of the company considered. All stockholders of the company are urgently requested and cordially invited to be present at this meeting. 261-1c

ELECTION TUESDAY FOR STATE OFFICERS

Characterized by Apathy Light Vote Expected in City

HOT FIGHT IN ALEX. CO.

Walter T. Oliver Democratic Nominee For State Senate Opposed by J. H. Dodge Republican Nominee.

An election will be held in this city Tuesday for the purpose of electing a state senator to represent the fourteenth senatorial district and also to elect a delegate to the state legislature to represent this city and Alexandria county in that body.

The only opposition is that to Walter Tancil Oliver, democratic nominee, for the state senate, who is being opposed by J. H. Dodge, republican nominee of Manassas, Mr. Oliver it is generally conceded will prove an easy winner, as the democratic nomination is regarded as equivalent to an election.

Charles T. Jesse of Alexandria county, is the democratic nominee for the state legislature. The republicans, however, did not put up a candidate against Mr. Jesse.

In view of the fact that there is but little opposition a light vote it is thought will be polled, as general apathy prevails.

In Alexandria county, where almost every candidate for county offices has opposition, a heavy vote will be polled.

The various candidates for office have been working hard for several months past in the interest of their candidacy and there is every indication of a big vote in that county on that day when an addition to the county officers the candidates for the state senate and legislature will be chosen.

DEATH OF FORMER RESIDENT

Paul Valer Portner Dies in New York —Funeral Tomorrow at Manassas

The funeral of Paul Valer Portner, thirty-seven years old, a former resident of Alexandria, who died Thursday night in New York, will be held at 2 o'clock tomorrow afternoon at his late residence, at Annaburg, the Portner home at Manassas.

Burial will be with Masonic honors, A delegation of members of Alexandria Lodge of Elks, of which organization, he was a member will attend.

The death of Mr. Portner was due to congestion of the lungs. His condition showed improvements until Thursday night when he was taken suddenly worse and died a few hours later.

The deceased was well known in this city where he had a large number of friends.

Mr. Portner was born January 22, 1882, at Annaburg, the Portner farm at Manassas, Va., He was educated at Virginia Military Institute and the University of Virginia. He became the vice president and director of the following corporations: Capital Construction Company of Washington, Virginia Feed and Milling Company of Alexandria and the Portner Realty Company of Manassas.

He was unmarried. Surviving him are two brothers, A. O. Portner of Baltimore, Md., and Oscar Portner of Manassas, Va., and five sisters, Mrs. Henry D. Flood, Mrs. William P. Meredith and Mrs Palmer Derby of Washington, and Mrs. Alma Portner and Mrs. A. L. Humes, of New York City.

The gambling saloon of a Mississippi River steamboat, a stately Virginian mansion, the gold fields of California and the undefiled western wilderness of 1849 are a few of the locales to be seen at the Grand Theatre in "Sundown Trail." The production was filmed by Universal, directed by Rollin S. Sturgeon and stars Monroe Salisbury. Worth seeing.

THE ART PRESERVATIVE

That exigency, seemingly unfortunate, may, in reality, be benevolent, is indictated by the progressive strides which one of the most prominent periodicals of the day continues to make in its experiment of publishing a magazine without the aid of typesetters.

Aside from the high commendation which must be accorded the enterprise and genius responsible for the success with which the publication referred to triumphed over difficulty, it is of interest that demonstration has been made that magazines and, if necessary, newspapers may be published independent of printers, and incentive given inventive genius towards further study that may have an important bearing upon the future of the publishing industry.

A Baltimore daily recently appeared with a large section in this modern attire.

A COMMENDABLE EXAMPLE

A dispatch from Geneva says a general meeting at Mannheim, Baden, of associations of miners and and transport workers in the Rhine region has decided, owing to the lack of coal in Southern Germany, to restablish the 12 hour day with voluntary work Sundays until the crisis is passed.

Germany, generally regarded as the foe of freedom and civilization, is capable of performing sensible acts—acts which it would be well for all people in this so-called land of the free and home of the brave to imitate. While the producers of coal in the United States are demanding a six hour a day schedule with a five day week, miners in the Fatherland are ready to toil twelve hours a day in order to meet its country's requirements. Not only are they anxious to be equal to what is expected of them, but they are ready to work on Sundays also for the public good.

While we have no taste for German kultur ordinarily, it must be acknowledged that there is a marked contrast between Hun miners and those in this country who last night precipitated a strike at the advent of winter which may prove far-reaching in its effects.

THE DEADLY FLU

Virginia's death roll from influenza for the twelve-month period, beginning September 1, 1918, reached an aggregate of 15,679, or about as many people as there were in Alexandria when the last census was taken.

The five-year monthly death rate —1913 to 1917, inclusive—was 14.21 per 1,000 of population, but in October, 1918, with infleunza at its apex in the State, the death rate had mounted to 55.2 per 1,000 of population, or nearly four times the normal monthly average. In this fatal month 139,439 cases resulted in 7,240 deaths, probably setting a disease death record never before approached in the history of the State.

Among children under the age of one year there were 1,119 deaths, or 7.1 per cent of the total.

Persons between the ages of fifty and fifty-four appeared to have been better able to withstand the attacks of the germs than those of any other group, furnishing but 1.8 of the deaths, or a total of 288 out of a population in that group of 88,436.

AUTHOR OF ALL OUR WOES

For much of the upheaval from which a goodly portion of the world is suffering, one man is largely responsible says a contemporary. "Before he let loose his dogs of war, we were moving along satisfactorily Then there came a vast change. The cost of living has mounted. Taxes have become a grievous burden. The debts of nations are enormous. There is discontent. Revolutionists are lifting their ugly heads. And all this because one man holding autocratic war powers used these powers for evil.

"Should not this man be brought to trial for his crimes? Should all the world not be given a practical demonstration that the day has passed when war can be wickedly made and the culprit go unpunished? Unquestionably. Then why is William of Germany not brought to the bar of justice? Because the demand upon Holland for his surrender is contained in the Peace Treaty, and that Peace Treaty must be ratified.

"The Senate of the United States is largely responsible for the quiet life which the madman of Europe is enjoying.

"Japan has ratified the Peace Treaty. With England, France and Italy also acepting it, all of the principal nations are now in accord —all except one.

"The United States, which should have been the first to ratify, remains out in the cold—still in the clutches of Johnson, Borah and a few irreconcilables who have never been honest with the people and whose partisan hatreds have transcended statesmaship."

DURATION OF THE STRIKE

After the conference of the coal union heads on Wednesday night had decreed that the strike order must stand. William Green, secretary treasurer of the United Mine Workers of America, expressed himself briefly to the newspaper men.

"It can't be a long strike. How can it be?" he said with a grin.

Although Green's remark was a boastful sneer, no man ever spoke a truer word as the New York Sun observes. "The strike cannot last long because it will be an unpopular strike. It cannot last long because it will be an illegal strike, It cannot last long because it will be a inhuman strike. It cannot last long by very reason of what Green intended to convey by his sardonic jest—that the officers of the unions mean to try to starve and freeze the public into quick submission.

"The coal strike cannot last long because those who put it into effect are going to run headfirst into the stone wall of the United States government. It cannot last long because back of the government will be the power of the nation which creates government, upholds government, makes government invincible.

"Green's strike will not resist the majesty of the law and the might of the nation any more than an eggshell under a ten-ton triphammer could resist its crushing power."

INSOLENT AND MENDACIOUS.

In his insolent statement, "wagehog" Lewis, of the miners' union, says that it is indeed a sad commentary upon principles of square dealing when President of United States and his cabinet by unanimous vote ally themselves with sinister financial interests which seek to deny justice to labor and precipitate our country into industrial turmoil.

In this he is a mendacious and insolent agitator, without the slightest regard either for truth or decency. President Wilson clearly stated that he issued his statement without in any way passing upon the merits of the demands of the miners. He said that he was seeking to protect, in behalf of the public and the rights that would be violated by the unlawful strike of the miners at the behest of their leaders, whose action is the vilest form of autocracy.

This champion lightweight thinker and reckless handler of truth, with an evident incapacity for orderly and logical thought, says that the right and the duty rests upon free American labor to maintain unimpaired the constitutional privileges and guarantees of all American citizens. The United Mine Workers of America believe the great majority of our citizenship will resent any trespass upon these principles.

This is false. The right and duty to protect the Constitution has never been given to over a little labor coterie of a few score of wilful interrupters of the work of the nation.

The man is lying to the dupes for whose misleading he is responsible. Is this nnuseating spectacle to be kept up or is the law to be applied to the man and his fellow-labor thugs?—(Baltimore American.

(Communicated)

To the editor:

I attended at "Elk's Hall" with much pleasure the ceremony of the presentation of the gift of the people of Alexandria to their former Representative C. C. Carlin, and listened with much interest the very important speech of Attorney General Palmer.

With regret I have noticed that, while the hall was artistically decorated with flags of America, England and France, the flag of Italy was not represented. I think that in the public reunions, where the colors of the Allies are exposed, the Italian flag should find its place, by the side of the nations with which she shared the joys and the sorrows of the great war for the triumph of civilization.

Respectfully, Paolo Tuccimei
Captain of Royal Italian Army.

SAILS FOR HOME

My People Will Pray for America, Says Albert, Before Departure

Norfolk, Va., Nov. 1.—"My people will always pray for America," said King Albert earnestly just before embarking yesterday on the George Washington with Queen Elizabeth, Prince Leopold and their suite for the voyage back to Belgium. Geniality radiated from the royal guest of the nation as he paid a glowing tribute to the fearlessness and truthfulness of American newspaper men.

The royal party will be protected across the Atlantic by the battleship Delaware, which sailed with the transport.

LAD STRUCK BY AUTO

Elmer Upperton Victim of Car Driven by Harvey Dawson

Elmer Upperton, 7, of 19 K St., northwest, Washington, was knocked down and almost instantly killed at 7:10 o'clock last night, when an automobile, owned by John W. Dawson, 725 Sixth street southwest, and operated by his son, Harvey, struck the child, at the intersection of North Capitol and K streets.

The little boy was crossing K street, bent on Halloween fun. The automobile was coming east on K street.

According to the story Dawson told the police, the car could not be stopped before the accident occurred. The injured lad was rushed to Sibley Hospital. He was pronounced dead on his arrival there.

Dawson and Lester B. Isaacs, an occupant of the car, were arrested. Isaacs was released at the station house. Dawson was held for the decision of the coroner's jury. An inquest will be held at the District Morgue this afternoon.

CHIEFS MUZZLED

Injunction Based on Lever Law to Prevent Move to Hurt Public Welfare

Indianapolis, Ind., Nov. 1—A temporary injunction restraining all strike activities of the United Mine Workers of America was issued in the Federal District Court here yesterday on application of the United States government. Judge A. B. Anderson signed the order on the showing set forth by C. B. Ames, Assistant Attorney General, that a national disaster was impending and on the broad general grounds that the government has the right to enforce its laws and protect its people from calamity.

Deputies of Mark Storen, United States Marshal of Indiana, were busy all the afternoon serving notice of the restraining order on union officials who had been missed in the general roundup at noon when the meeting of the union's executive board was invaded by the process servers. Eighteen of the union leaders were served.

The visit made effective the order which C. B. Ames, assistant attorney general, has presented to the Federal Court and which restrained the defendants from issuing any messages, oral or written, that the strike is to be enforced as previously announced from issuing any further strike orders or messages of encouragement of exhortation and from distributing any strike benefits.

The order was so sweeping that Judge Ames explained after its issuance that it would prevent any of the men named in the bill from addressing mass meetings.

The petition by the government upon which the order was based, charged that the union men were conspiring to limit the facilities for the production of coal and to restrict the supply and distribution of the fuel. The writ accordingly commanded them to refrain from continuing the alleged conspiracy.

Perfect Health Is Yours If the Blood Is Kept Pure

BLAST KILLS 14

Explosion on Japanese Battleship During Naval Maneuvers.

The manouvers of the entire Japanese navy, in which the emperor participated, were marred by an explosion a day or two ago on the battleship Hyuga in Tokyo Bay. Fourteen men were killed and 30 injured.

The emperor was aboard the battleship Settsu.

The manouvers, which were the most elaborate in the history of the navy, included mimic battles and airplane attacks on coastal cities.

TO HANG FOR CRIME DEC. 5.

George Cummings, negro, who shot and killed George Peters, farmer, at the latter's home at Jericho, Md., and then assaulted his daughter, Katherine, last July, will pay for the crime with his life on December 5. On that date he will be hanged in the jail yard at Upper Marlboro, Md.

Governor Harrington signed the negro's death warrant yesterday.

BROKER ARRESTED

Proceeds of Stock Sales Said to Have Been Squandered in Philadelphia

Philadelphia, Nov. 1.—Armed with a warrant, Edward A. Hill, of District Attorney Rotan's county detective staff, slipped to New York yesterday and arrested Chester F. Hill, a stock broker and fiscal agent, of 1671 Pratt street, Frankford, on two charges of embezzlement, aggregating $40,000. Major S. O Wynne, in charge of the case, said yesterday that with the possible exception of an anemic bank balance of $90, discovered after Hill is said to have fled the city, on October 22, every cent of the money said to have been stolen had been spent in blazing a hot trail along the primrose path of the night life here.

Major Wynne added that it required but five months by Hill to fling the money to the four winds that blow about an insatiate triumvirate of wine, women and song.

PERSHING FAVORS 300,000 MEN

Indorses Universal Military Training to Provide Citizen Reserve

Washington, Nov. 1. Dissenting in many important respects from the programme recommended by the War Department and the General Staff, General Pershing told the Military Committee of Congress yesterday that 300,000 men, raised entirely by volunteer enlistment, should be the future figure considered for a standing army.

He favored universal military training to provide an emergency reserve, but thought general educational work should go hand in hand with it and military training in [illegible] system would be in complete harmony with democratic institutions. He urged six months as a training period.

The department had recommended an army of more than 500,000, with a system of universal training providing the educational feature. The recommendation for a training period was three months.

GUILTY OF MURDER

Charles Ross Webster Remanded to Jail to Await Sentence

Charles Ross Webster was found guilty in the first degree of the murder of Richard [illegible], on June [illegible] by a jury in Criminal Division No. 1, of the District of Columbia Thursday afternoon. The jury was out but thirty minutes. Webster was remanded to jail to await sentence.

Webster faced the court stoically with the same blank stare he has displayed during the trial, when the jury filed back into the courtroom.

He accepted the verdict without emotion or the least tremor of an eyelid.

It is expected that Justice Gould will call Webster before him in about a week for sentence.

One of the jurymen interrupted Attorney Smith at one juncture to ask permission to examine the revolver which was used to kill Durrall and which Webster yesterday declared went off accidentally. Justice Gould also asked to see the revolver. They all found that it "stuck" and it was decidedly improbable that it "slipped off" as Webster declared.

The defense admitted that Webster had lied, but tried to prove that his lies were lies of a diseased mind.

A WOMAN'S BACK

The Advice of This Alexandria Woman is of Certain Value.

Many a woman's back has many aches and pains.

Oftimes 'tis the kidneys' fault.

That's why Doan's Kidney Pills are so effective.

Many Alexandria women know this.

Read what one has to say about it.

Mrs. F. M. Entwisle, 1007 Gibbon Street, Alexandria, says: "The pains in my back were something awful and no matter how I turned I couldn't get rid of them. There was a sore and lame feeling and a heavy bearing-down ache in my back all the time. My head felt as though somebody were pounding it and I became very nervous. I had dizzy spells, too. The way my kidneys acted bothered me a lot and caused me no little pain. The first box of Doans Kidney Pills gave me relief and by the time I had finished the second one all my kidney trouble had left me; I was entirely cured."

Price 60c, at all dealers. Don't simply ask for kidney remedy—get Doan's Kidney Pills—the same that Mrs. Entwisle had. Foster-Milburn Co., Mfgrs., Buffalo, N. Y.

The New Motor Car

The Greatest Improvement In Riding Comfort Since The Introduction of Pneumatic Tires

HERE is a brand *new* type of car. It solves the problem which has baffled automotive engineers—how to combine riding *comfort* with *light weight* and *economy*.

Our new *Three-Point* Cantilever Springs make this possible.

These are the *first* springs of their kind and they are made of chrome vanadium steel. They are exclusive with Overland.

Because of these springs, Overland 4 *combines* the riding qualities of large heavy, expensive, long wheelbase cars, *together* with the advantages and economy of small light cars.

With 100-inch wheelbase, Overland 4 has the luxurious riding ease of 130-inch Springbase.

The exclusive, Three-Point Cantilever Springs cushion the car so that it *rides well on all roads:* they reduce choppy rebounds and side swaying, protect the car from road shocks and *prolong* its life, minimize twisting or racking of frame and body, enable the car to hold the road better.

The car and passengers ride smoothly as though floating, free from road shocks that the *springs ward off.*

But this *new* riding comfort, possible *only* with these Three-Point Cantilever Springs, is but one of the advantages of Overland 4.

Its light weight makes possible great economy of *gasoline* and *tires.*

High quality materials insure durability. All vital parts of the front axle and steering gear and all highly stressed gears and shafts for driving the car are made of *alloy steel.*

The equipment list of Overland 4 is high grade, including Auto-Lite Starter and Lighting System—Electric Horn—Marshall Divan Upholstery Springs—Demountable Rims—Three Speed Transmission—Slanting Rain Vision Windshield—Tillotson Carburetor—U. S. L. Batteries and many other high quality conveniences.

In every respect Overland 4 is a quality car. The body is all steel, all enamel, the brightest, hardest, most lasting finish.

Overland 4 has been tested for two years and more than 250,000 miles over the Rocky Mountains, prairies, through deep mud and scorching deserts—through quick sharp climatic changes. As a result of these tests we were able to judge the car's performance under every condition and to perfect it before offering it to the public.

There is no previous car of any size or price to adequately compare with the character of service Overland 4 introduces.

The farther you *ride in it* the more you will appreciate it. Come in, see the car and ask for booklet. The demand will be greater than the supply for a long time.

Overland 4 Touring, $845; Roadster, $845; Coupe, $1325; Sedan, $1375. Prices f. o. b. Toledo.

Why Brunswick Tires Win Preference

There are two main reasons—one, the name itself, which certifies superfine value—the other, that time tells the same story.

Thus reputation and performance unite in giving you all you expect—and more.

Yet Brunswicks cost no more than like-type tires. Many motorists would pay more readily, but the Brunswick idea is to GIVE the utmost, rather than to GET the utmost. And this has been true since 1845. You can appreciate what Brunswick Standards mean by trying ONE Brunswick Tire. It will be a revelation. You'll agree that you could not buy a better, regardless of price.

And, like other motorists, you'll decide to have ALL Brunswicks. Then you'll know supreme satisfaction from your tires—longer life, minimum trouble, lower cost.

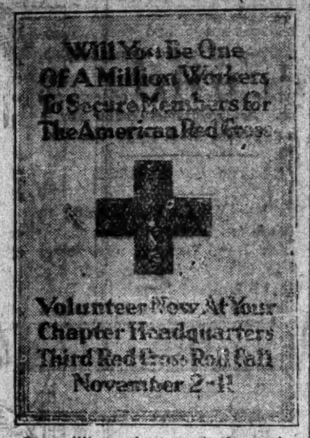
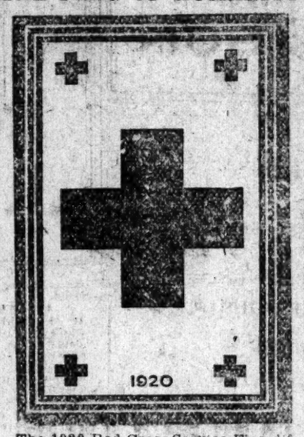
PLEDGE YOURSELF NOV.



One million volunteers is the goal of the American Red Cross by November 2. This number, more than ten times that called for by President Lincoln in the Civil War, will be required to enroll the millions of members of the greatest humane organization in the world in the forthcoming drive. The peace time program of the American Red Cross is based on combatting a more disastrous annual menace, as far as loss of life is involved, than the late war, namely the scourge of disease. Enlist now in the nation's greatest army at your local Red Cross Headquarters.

THE FLAG OF HUMANITY



The 1920 Red Cross Service Flag differs from the flag given last year, to each person enrolling in the organization, in that it has two white lines in the blue border, signifying the third year's membership. The large cross in center represents one member, the smaller ones denote additional members in the same family. It is the aim of the American Red Cross to have a service flag displayed in a window of every home, where it is to be kept throughout the year. Every person enrolling in the third Red Cross Roll Call, November 2-11, is entitled to this emblem. Enlist now at your local Red Cross Headquarters.

THE SPIRIT OF 1920

Above is a reproduction of Howard Chandler Christy's latest poster for the American Red Cross, which no doubt will become as famous as the other similar works of art of this well known illustrator. In its portrayal of budding womanhood, upholding the flag, it typifies not only the spirit of America, but of the Red Cross in its nation wide peace program for the health of the United States. This poster forms one of the striking appeals for members in the Third Red Cross Roll Call, November 2-11. Enlist now at your local Red Cross Headquarters.

MINERS' CHIEF DEFIANT

Tells Men to Ignore Troop Threat And Announces He Will Fight to End

Springfield, Ill., Nov. 1.—Illinois soft coal miners who went on strike late yesterday, were encouraged in circulars prepared last night by Frank Farrington, district miners' president, to pay no attention to threats that troops would be used.

In a telegram late yesterday to John L. Lewis, acting president of the United Mine Workers of America, Farrington, who also is chairman of the miners' scale committee, declared "the Anderson injunction only makes us that much more determined to fight to the bitter end," and offered the Illinois legal department's aid in combatting the Government's restraining order aimed against the strike.

WOULD PROHIBIT TOBACCO

Farm Women's Congress Holds Land is Needed for Foodstuffs

Hagerstown, Md., Nov. 1.—Several hundred delegates of the Farmers' National Congress made a field excursion yesterday to the celebrated Hancock peach and apple orchards. Today they will visit Gettysburg battlefield.

Resolutions were adopted asking Congress to enact laws prohibiting the raising of tobacco, claiming tobacco lands are needed to raise foodstuffs, and to aid tobocco growers in making the transition to other equally remunerative crops.

Dr. Evan Oneitl Kane, of Kane, Pa., evoked protests from women delegates when he intimated tobacco users were "immoral degenerates." Later he made an apologetic speech.

The women also went on record as favoring woman suffrage, medical freedom, Americanization of foreigners and two more years of Federal control of railroads. Compulsory military training was opposed.

LONGSHOREMEN'S STRIKE

One Union Votes to Return to Work—Says Others Will Follow

New York, Nov. 1.—Prospect that the longshoremen's strike, which has crippled the port of New York for three weeks, may soon end was visible again yesterday when members of local 791 voted to return to work today. The men of this local are those employed on the Chelsea piers, where the majority of the great trans-Atlantic liners dock. Leaders of the local claimed that similar action was about to be taken by other Manhattan and Brooklyn unions.

Despite the shipowners' refusal to consider the compromise proposal of striking longshoremen to end the harbor strike here, gradual disintegration of the tieup was resuming an appearance more nearly normal than at any other time since the strike started.

Ten ships were put in operation by the United Shipping Board yesterday, making 90 that have put to sea in four days. The board was carrying out its new policy of an "open shop" and hiring strikebreakers union—or nonunion men.

At a meeting Thursday night between shipping officials and union leaders the former turned down a proposal by the strikers to compromise at 85 cents an hour for regular time and $1.25 for overtime.

KEPT HER AWAKE

The Terrible Pains in Back and Sides Cardui Gave Relief

Marksville, La.,—Mrs. Alice Johnson of this place writes: "For one year I suffered with an awful misery in my back and sides. My left side was hurting me all the time. The misery was something awful.

I could not do anything, not even sleep at night. It kept me awake most of the night. I took different medicines, but nothing did me any good or relieved me until I took Cardui.

I was not able to do any of my work for one year and I got worse all the time, was confined to my bed off and on. I got so bad with my back that when I stooped down I was not able to straighten up again. I decided I would try Cardui. By time I had taken the entire bottle I was feeling pretty good and could straight en up and my pains were nearly all gone.

I shal lalways praise Cardui. I continued taking it until I was strong and well." If you suffer from pains due to female complaints. Cardui may women who once suffered in this way now praise Cardui for their present be just what you need. Thousands of good health. Give it a trial.

A DECLARATION

BY HON. J. H. DODGE

Candidate For State Senate

To The Voters of the 14th District:

As stump speaking has gone out of fashion, I find it impossible to place myself and the principles for which I stand before the people by a series of addresses given throughout the district, and, as it is a physical impossibility for me to canvass each individual voter of the district to tell him my views and my claims for his support, and, as I am constantly receiving inquiries in such numbers that I find it impossible to answer by private letter for lack of stenographic help, I have decided to issue this circular declaration in the local press to the end that those interested may know how I stand on some of the vital issues of this campaign, though I find it quite impossible in this necessarily brief statement even to begin to mention my views on many public questions and even the few here mentioned are not as clear as if I could go into more detail explanations.

OUR SOLDIER BOYS

It is nothing less than an outrage on our boasted patriotism that Virginia, the mother of states and statesmen, should be the only state in the nation that has failed to enfranchise the soldiers of the late world war, and if I am elected to the General Assembly, I shall father an act where by the soldier in times of war be exonerated from the payment of any capitation tax as a prerequisite to voting, thus making it possible for every man who honorably served with the colors during the late world war to have full and immediate franchise.

PROHIBITION

In view of the fact that national prohibition goes into effect on the 16th of January and much of the burden of the enforcement of the dry laws fall to the national state prohibition commissioner, I shall favor the abolition of the office of our state prohibition commissioner and throw the responsibility of enforcing our state laws and of colaborating with the national officers on the local constituted authorities. Feeling under the circumstances that this arrangement will be for the welfare of all concerned, and that the $200,000 appropriation asked to sustain a state department can better be expended on our public schools and on our roads.

ABOLISH USELESS OFFICES

It was one of the avowed purposes of the last constitutional convention to eliminate many offices of the state to the end that taxes be reduced. Much was accomplished and we made a new start only to get into the same old rut again. The state has been multiplying its offices until now it has become top heavy with officers and the consequent tax burden is becoming unbearable. It is impossible in this short declaration to specify how and what to curtail, but I know it can be done without violence to the efficiency of our laws and, if I am elected, I shall make it by special duty to get busy and after careful study, I shall favor the abolition of many unnecessary offices and the consolidation of others to the end that efficiency be increased and the tax burdens of sustaining so many offices and officers be reduced.

PUBLIC SCHOOLS

I stand for the widest possible extension and increased efficiency of our public school system.

GOOD ROADS

I favor cooperating with the national government in road construction, and the widest possible extension of our good roads system of both state and county roads to the end that the farmer may more cheaply get his produce to market thus bringing down the high cost of living.

THE LABORER AND THE FARMER

Upon these two classes of our citizens falls the greater part of the burden of production. I favor laws that shall encourage the production of the necessaries of life at the lowest possible cost, and for the governmental regulation of the profits of the middlemen to the end that food, fuel and clothing shall reach the consumer at the lowest possible cost. Being a laboring farmer myself, I propose to do all in my power to see that these interests receive a square deal, and just laws.

MY POLITICS

In this connection, I am running as an independent candidate, and as the nominee of the Republicans. After a careful analysis of the August primary, vote, I concluded that the nominee of that primary was not the free choice of the people of the district, and with assurances of support from various parts of the district, I concluded to make the race as an independent candidate, should there be no other nominations, and I announced my independent candidacy at the Prince William County Farmers' picnic at Manassas on August 15th. The following week in Alexandria, the Republicans offered me their nomination on a satisfactory platform, which I accepted. Thus I am an independent candidate and the Republican nominee. I am officially in no way connected with any political party. My alignment in the past, nationally has been Republican; what it will be in the future depends upon the "men and issues" which are yet to be determined. (I am no beast with a ring in my nose to be lead around by any political "click" or party—are you?) But what has national politics—the league of nations for example—to do with this election? I fully appreciate the fact that this is normally a strongly Democratic district, and I shall duly regard all sources from which I receive support, but I want to go to Richmond "unbound" so I may labor unhampered for the very best interests of the district and of the state. I ask your votes on my public record and on my published platform. I appeal to my friends in all parts of the district to get busy and elect me, and I promise ever to be true to the trust imposed.

Respectfully submitted,
J. H. DODGE,
Manassas, Va., October 22, 1919.

COMMONWEALTH OF VIRGINIA

OFFICE OF

CLERK OF THE HOUSE OF DELEGATES

PROPOSED AMENDMENTS to the Constitution of Virginia, agreed to at session of General Assembly 1918, and published in pursuance of section 196 of the Constitution and act approved February 3, 1908.

A RESOLUTION proposing amendment to section 32 of article 2 of the Constitution of Virginia, and providing for publishing said amendment and certifying the same to the next general assembly.

Resolved by the senate, the house of delegates concurring (a majority of the members elected to each house agreeing), That the following amendment to the Constitution of Virginia, be, and the same is hereby, proposed, and referred to the general assembly to be chosen at the next general election of members of the house of delegates, for its concurrence, in conformity with the provisions of section one hundred and ninety-six, of article fifteen of the said Constitution, namely:

Strike out from the Constitution of Virginia section thirty-two, which is in the following words:

Sec. 32. Every person qualified to vote shall be eligible to any office of the State, or of any county, city, town or other subdivision of the State, wherein he resides, except as otherwise provided in this Constitution, and except that this provision as to residence shall not apply to any office elective by the people where the law provides otherwise. Men and women eighteen years of age shall be eligible to the office of notary public and qualified to execute the bonds required of them in that capacity.

And insert in lieu thereof the following:

Sec. 32. Every person qualified to vote shall be eligible to any office of the State, or of any county, city, town or other subdivision of the State, wherein he resides, except as otherwise provided in this Constitution, and except that this provision as to residence shall not apply to any office elective by the people where the law provides otherwise; and except, further, that the requirements of this section as to residence and voting qualifications shall not apply in the appointment of persons to fill positions under a municipal government requiring special technical or professional training and experience. Men and women eighteen years of age shall be eligible to the office of notary public and qualified to execute the bonds required of them in that capacity.

A RESOLUTION proposing amendment to section 128 of the Constitution of Virginia.

Resolved by the senate, the house of delegates concurring, (a majority of the members elected to each house agreeing), That the following amendment to the Constitution of Virginia be, and the same is hereby proposed, and referred to the general assembly to be chosen at the next general election of members of the house of delegates, for its concurrence, in conformity with the provisions of section one hundred and ninety-six, of article fifteen, of the said Constitution, namely:

Strike out from the Constitution of Virginia section one hundred and thirty-eight, which is in the following words:

Section 128. The general assembly may, in its discretion provide for the compulsory education of children between the ages of eight and twelve years, except such as are weak in body or mind, or can read and write, or are attending private schools, or are excused for cause by the district school trustees.

And insert in lieu thereof the following:

Section 128. The general assembly may, in its discretion, provide for the compulsory education of children of school age.

A RESOLUTION proposing amendment to section 117 of article 8 of the Constitution of Virginia, and providing for publishing said amendment and certifying the same to the next general assembly.

Resolved by the senate and the house of delegates (a majority of the members elected to each house agreeing thereto), That the following amendment to the Constitution of Virginia be, and the same is hereby, proposed and referred to the general assembly to be chosen at the next general election of senators and members of the house of delegates, for its concurrence, in conformity to the provisions of section one hundred and ninety-six of article fifteen of said Constitution, namely:

Strike out from the Constitution of Virginia section one hundred and seventeen, which is in the words and figures following, to-wit:

Section 117. General laws for the organization and government of cities and towns shall be enacted by the general assembly, and no special act shall be passed in relation thereto, except in the manner provided in article four of this Constitution, and then only by a recorded vote of two-thirds of the members elected to each house; and except also in the case of cities having more than fifty thousand inhabitants, as hereinafter provided. But each of the cities and towns of the State having at the time of the adoption of this amendment a municipal charter may retain the same, except so far as it shall be repealed or amended by the general assembly; provided, that every such charter is hereby amended so as to conform to all the provisions, restrictions, limitations and powers set forth in this article, or otherwise provided in this Constitution.

Notwithstanding, however, anything in this article contained the general assembly may, by general law, or by special act (passed as prescribed in article four of this Constitution), depart in any respect (except as otherwise in this section expressly provided) from the form of organization and government prescribed by this article for cities and towns, and may provide, from time to time, for the various cities and towns of the Commonwealth such form or forms of municipal government as the general assembly may deem best; but no form or forms of government authorized by the second paragraph of this section shall become operative except as to such cities or towns as may thereafter adopt the same by a majority vote of its qualified electors at an election to be held as may be prescribed therefor by law. All the limitations on the powers of the councils of cities and towns imposed by this article shall apply in like manner to the principal legislative authority under any form of government which may be authorized hereunder. The term "council" as used in sections one hundred and twenty-five and one hundred and twenty-seven of this Constitution shall be construed to include the body which, under any form of municipal government, shall be vested with the principal legislative authority of such municipality.

The general assembly, for the purpose of this article, may classify cities according to their population, but the maximum population prescribed for any class shall exceed the minimum population for the same class by at least ten thousand. The general assembly, at the request, made in manner which may be prescribed by law, of any city having a population of over fifty thousand inhabitants, may grant a special form of government for such city. Any laws or charters enacted pursuant to the provisions of this section shall be subject to the provisions of this Constitution relating expressly to judges and clerks of courts, attorneys for the Commonwealth, commissioners of revenue, city treasurer and city sergeants.

And insert in lieu thereof the following:

Sec. 117. (a) General laws for the organization and government of cities and towns shall be enacted by the general assembly, and no special act shall be passed in relation thereto, except in the manner provided in article four of this Constitution, and then only by a recorded vote of two-thirds of the members elected to each house. But each of the cities and towns of the State having at the time of the adoption of this Constitution a municipal charter may retain the same, except so far as it shall be repealed or amended by the general assembly; provided, that every such charter is hereby amended to conform to all the provisions, restrictions, limitations and powers set forth in this article, or otherwise provided in this Constitution.

(b) The general assembly may, by general law or by special act, (passed in the manner provided in article four of this Constitution) provide for the organization and government of cities and towns with all regard to and unaffected by any of the provisions of this article, except those of sections one hundred and twenty-four, one hundred and twenty-five, so far as the provisions of section one hundred and twenty-five recognize the powers of mayor and the power of veto) one hundred and twenty-six, one hundred and twenty-seven, and one hundred and twenty-eighth of this article, except those mentioned in sub-section (c) of this section. The term "council" as used in any of said sections shall include the body exercising the legislative authority for the city or town, and all ordinances, special and general, adopted by such body shall have the same force and effect for all purposes, as if enacted or adopted in accordance with the provisions of section one hundred and twenty-three of this article. But such organization and government shall apply only to such cities or towns as may thereafter adopt the same by a majority vote of these qualified voters of any such city or town voting in an election to be held for the purpose, as may be provided by law.

(c) The general assembly, at the request of any city or town made in manner provided by law, may grant to it any special form of organization and government authorized by sub-section (b) of this section, and subject to all of the provisions of that sub-section, except that it shall not be necessary for such city or town to thereafter adopt the same.

(d) Any laws or charters enacted pursuant to the provisions of this section shall be subject to the provisions of this Constitution relating expressly to judges and clerks of courts, attorneys for the Commonwealth, commissioners of revenue, city treasurers and city sergeants.

(e) Any form of organization and government authorized by any provision of this section which may have been adopted heretofore by any city or town pursuant to any act of the general assembly enacted before such provision became effective and which is now in operation, is hereby declared legal and valid ab initio, and shall have the same force and effect as if it had been authorized by this Constitution at the time of its adoption.

A RESOLUTION proposing amendment to section 133 of article 9 of the Constitution of Virginia.

Resolved by the house of delegates, the senate concurring (the majority of the members elected to each house agreeing thereto), That the following amendment to section one hundred and thirty-three, article nine, of the Constitution of Virginia, be and is hereby, proposed and referred to the general assembly at the first regular session held after the next general election of members of the house of delegates for its concurrence in conformity with the provisions of section one hundred and ninety-six, of article fifteen of said Constitution, namely:

Strike out from the Constitution of Virginia section one hundred and thirty-three of article nine, which is in the following words:

Section 133. Each magisterial district shall constitute a separate school district, unless otherwise provided by law. In each school district there shall be three trustees selected, in the manner and for the term of office prescribed by law.

And insert in lieu thereof the following:

Section 133. Each magisterial district shall constitute a separate school district, unless otherwise provided by law. In each school district there shall be not more than three trustees selected, in the manner and for the term of office prescribed by law.

Men and women may serve as school trustees in said districts, and in cities and in towns forming separate school districts.

A RESOLUTION proposing amendment to section 134 of the Constitution of Virginia.

Resolved by the house of delegates, the senate concurring (a majority of the members elected to each house agreeing) That the following amendment to the Constitution of Virginia be, and the same is hereby proposed, and referred to the general assembly to be chosen at the next general election of members of the house of delegates, for its concurrence, in conformity with the provisions of section one hundred and ninety-six, of article fifteen, of the said Constitution, namely:

Strike out from the Constitution of Virginia section one hundred and eighty-four, which is in the following words:

Section 134. No debt shall be contracted by the State except to meet casual deficits in the revenue, to redeem a previous liability of the State, to suppress insurrection, repel invasion, or defend the State in time of war. No scrip, certificate, or other evidence of State indebtedness shall be issued, except for the transfer or redemption of stock previously issued, or for such debts as are expressly authorized in this Constitution.

And insert in lieu thereof the following:

Section 134. No debt shall be contracted by the State except to construct, or reconstruct, public roads, to meet casual deficits in the revenue, to redeem a previous liability of the State, to suppress insurrection, repel invasion, or defend the State in time of war. No scrip, certificate, or other evidence of State indebtedness, shall be issued except for the transfer or redemption of stock previously issued, or for such debts as are expressly authorized in this Constitution.

A RESOLUTION proposing an amendment to section 136 of article 9 of the Constitution of Virginia, and providing for publishing said amendment and certifying the same to the next session of the general assembly.

Resolved by the house of delegates, the senate concurring (a majority of the members elected to each house agreeing), That the following amendment to the Constitution of Virginia be, and the same is hereby, proposed, and referred to the general assembly to be chosen at the next general election of members of the house of delegates, for its concurrence, in conformity with the provisions of section one hundred and ninety-six, of article fifteen, of the said Constitution, namely:

Strike out from the Constitution of Virginia section one hundred and thirty-six, which is in the following words:

Section 136. Each county, city, town, if the same be a separate school district, and school district is authorized to raise additional sums by a tax on property, not to exceed in the aggregate five mills on the dollar in any one year, to be apportioned and expended by the local school authorities of said counties, cities, towns and districts in establishing and maintaining such schools as in their judgment the public welfare may require; provided, that such primary schools as may be established in any school year, shall be maintained at least four months of that school year, before any part of the fund assessed and collected may be devoted to the establishment of schools of higher grade. The boards of supervisors of the several counties, and the councils of the several cities, and towns if the same be separate school districts, shall provide for the levy and collection of such local school taxes.

And insert in lieu thereof the following:

Section 136. Each county, city, town, if the same be a separate school district, and school district is authorized to raise additional sums by a tax on property, not to exceed in the aggregate in any one year a rate of levy to be fixed by law, to be apportioned and expended by the local school authorities of said counties, cities, towns and districts in establishing and maintaining such schools as in their judgment the public welfare may require; provided that such primary schools as may be established in any school year, shall be maintained at least four months of that school year, before any part of the fund assessed and collected may be devoted to the establishment of schools of higher grade. The boards of supervisors of the several counties, and the councils of the several cities, and towns if the same be separate school districts, shall provide for the levy and collection of such local school taxes.

I hereby certify that the foregoing is a true copy of amendments proposed to the Constitution and agreed to by the General Assembly of Virginia, session 1918, and the same is published in pursuance of section 196 of the Constitution and act of the General Assembly, approved February 3, 1908.

Clerk House of Delegates of Virginia.

KILLS GIRL

Ex-Soldier Then Turns Gun on Self; May Die

Cumberland, Md., Nov. 1.—Miss Ada Harrison, 24, employed in the family of George V. Ruhl, head of the Union Woolen Mills, was shot and killed here late yesterday afternoon by Odbert V. Grayson, a painter. Miss Harrison died while being removed to Alleghany Hospital.

Grayson then turned the revolver on himself, inflicting two wounds directly under the heart. He was found sitting on the pavement with blood streaming from his wounds and was removed to Alleghany Hospital, where he underwent an operation. His recovery is doubtful. Grayson served in the late war.

Grayson said to Patrolman Clay Wilson: "I shot her because she turned me down for another fellow."

THEATRES

GRAND THEATRE

"Oh, east is east and west is west, and never the twain shall meet."

That oft quoted phrase of Rudyard Kipling may or may not be true, but west and south meet on common ground in "Sundown Trail," a new Universal six reel production starring Monroe Salisbury, which comes to the Grand Theatre tonight.

Salisbury is seen as "Quiet" Carter, Southern aristocrat, who finally finds himself in "Spanish Bar," the wildest, wooliest mining camp of "the west that was."

Salisbury discovers that southern courtesy is not as desirable around the village as a quick draw with a gun.

How "Quiet" Carter bests the frock coated bully of the camp and saves the girl he loves from a fate worse than death, provides the vital dramatic situations of the story Come early.

RICHMOND THEATRE

Rex Beach's tremendous new drama of Alaska, "The Brand," at the Richmond Theatre tonight. The most realistic, thrilling picture since "The Spoilers."

The biggest, most unusual of all Rex Beach productions.

Desperate fight scenes, startling climaxes; the frozen trail of Alaska in the dead of a raging storm-night; a man branded with the white-hot barrel of his own gun; the Northwestern mounted police in action; the sensational raid in the City of Gold.

And through this story of unleashed passions there runs a tender story of love and romance; a story of two men, one woman and the unwritten law of the great northland.

INGOMAR THEATRE

Paris creations are generally a delight, but not infrequently they lead to a young girl's ruin. In "My Little Sister," the Evelyn Nesbit photoplay which will be shown for the first time at the Ingomar Theatre tonight, there is a tragic and intensely dramatic sequel to the natural allurement which finery and the great novelty of life in a great city have for two young women.

In this play startling facts as to the methods of white slave gangs are revealed. It is said to convey a moral lesson of tremendous force in a most sensational way.

Essex Motor Cars

You Already Know

It Is the Dainty Enclosed Model of the Car Men Euerywhere Praise so Highly

The Essex Sedan

A legion of friends waited the coming of the Essex Sedan. It came, already known, in a sense. The touring model foretold its quality and performance. It hinted the dainty beauty to be expected.

So men bought the first Essex Sedans, unseen, solely on what they knew of the touring model.

NOW IT SPEAKS FOR ITSELF

More than 1500 Essex Sedans are now in service. Every day more than 100 new Essex owners are added. Of these, a large proportion get Sedans. It is becoming the popular all-seasons car.

Just hear what owners say of the way it excels its promise. Their chief joy is in its nimbleness. Abundant surplus power handles the extra weight of the Sedan with ease.

That is why many buy it, who formerly found enclosed cars too sluggish to be desirable.

BIG CAR PERFORMANCE SMALL CAR ECONOMY

These days everyone is talking about the Essex Sedan. You will hear much that may lead you to regard it as a large high-priced car, because owners in describing it invariably compare it with big costly cars.

Their speech reflects the spaciousness of its interior; its luxury finish; its solidness and quiet riding ease. All qualities usually regarded as exclusive to big expensive cars.

Yet the Essex is not a large car. It has the wanted big car qualities. But it also enjoys such advantages as upkeep economy, handling ease and liveliness, that are exclusive to light weight cars. Any motorist knows that such quality, material and workmanship, would be impossible in a big car at the Essex price.

ESSEX SIZE NO BAR TO SUPREME PERFORMANCE

One owner writes: "The Essex proves that size is no more essential to fine performance in a motor car, than in a watch. It is just the best car qualities in a small case."

The Essex was designed as just such a car. How it met our aim is best answered by what thousands who own and know the Essex, say of it. Come and ride in the Sedan. See if you too find the appeal, that won so many admirers.

Women like its daintiness. The finish and pleasing appointments gratify discriminating taste. It is the sort of car you instinctively expect to see in any gathering of fine motors.

But it is Essex performance and endurance that must always appeal strongest to men. Power for the hills, speed and endurance to which no distance is a barrier, alertness and prompt pick-up in crowded traffic—these are qualities which will always win the affection of thorough-going motorists.

Another member of the Essex family that will especially interest those to whom smartness, combined with supreme performance appeals, is the Essex Roadster.

From the first Essex popularity has been the motor sensation of the year. Because in the Essex men found qualities they never hoped to obtain except in high-priced cars.

With two buyers waiting for every Essex we can produce, it is obvious that you must act promptly to secure an early delivery.

A Brief Review of Telephone Facts

IN A NUMBER OF ADVERTISEMENTS appearing weekly in this and other newspapers we have endeavored to make clear our reasons for asking the State Corporation Commission for an increase in telephone rates throughout the State of Virginia. Briefly summarized, these weekly statements have covered the following points:

No. 1—INCREASED COSTS have seriously affected us. During 1918 we did not even earn enough to pay our operating expenses. Our actual operating loss for the year was $81,636.

2.—INSUFFICIENT REVENUES mean that a public utility cannot fulfill its obligations, first, to serve the public and serve it well; and second, to earn a reasonable return. We have undertaken these obligations and must not neglect them.

3.—SALARIES AND WAGES, our largest single item of expense, have greatly increased. During the past three years the average wage paid our employees has increased nearly 60 per cent.

4.—TELEPHONE MATERIALS, our second largest expense, have sharply increased in cost. Since 1914 the average cost of materials has gone up over 75 per cent.

5.—TELEPHONE RATES, conforming to an unchangable law of trade, are governed always by the cost of producing telephone service. While a private industry might shut up shop until conditions become more nearly normal, a public serving company must continue doing business.

6.—ALTHOUGH RATE INCREASES were made effective in some points a few months ago, these rates have not proved adeuate because they were based on an anticipated drop in costs. Instead of decreasing, costs have risen.

ASSUMING THAT OUR VALUATION of the company's property is fair and that our management is economical and effieient, both of which we are prepared to prove, we believe that the public will endorse our effort to earn a reasonable return on our investment. This is all we are asking in our petition for higher rates now pending before the State Corporation Commission.

The Lazell Junior Waist
For the Growing Girl

This waist has been constructed in co-operation with the Technical Committee of the American Posture League and bears the official label of indorsement of that organization. This means that every health consideration has been conserved in the design. The principal points emphasized are:

Ample room for chest and bust development.

Lines of the Lazell Waist are carefully constructed to admit of natural contours and development.

Hose supporters are so attached as to distribute the strain and pull of stockings and not concentrate them on chest or shoulders.

Waist launders easily, and the shoulder straps are adjustable.

We are featuring two styles of this waist.
